Proprietary Certificate and Letter of Confirmation

To Whom It May Concern

We hereby certify that "Resusci Anne Advance Skill Trainer (cat no. 151-27000) is a full body advanced life support manikin operated with SimPad Plus (cat no. 204-30133) allows comprehensive ACLS instructor-to-student training, debriefing and documentation. Additionally, first aid and extrication practice can be incorporated into the learning with help of optional first aid and rescue limbs

Resusci Anne Advanced Skill Trainer is designed to deliver high-quality team and skills training in a wide range of ALS scenarios using real defibrillators to shock up to 360J

Key features include:

- High-quality airway management training with supraglottic airway devices
- Live defibrillation (ShockLink) and synchronized ECG
- Pulse monitoring
- Non-invasive blood pressure (NIBP)
- IV insertion

Quality CPR (QCPR) feedback to measure and improve CPR performance generate a blood pressure wave form & ECG artifact

Patient Monitor provides concise clinical feedback and simulates physiological parameters including wave form and value display for HR, ECG, SpO2, BP, RR, Temperature, etCO2, as in a real patient monitor.

The intuitive touchscreen interface and ergonomic design of SimPad PLUS makes it easy to run both pre-programmed and custom scenarios for standardized training.

SimPad PLUS also gives instructors real-time performance indicators for compressions, ventilations and hands-off time, as well as detailed event logs for structured and objective debriefing

It is a proprietary product Laerdal Medical AS. Norway is not manufactured by any other firm or individual.

We are also pleased to confirm that M/s. SURGITEK, SCO 194-195, ANSAL SAMPARK I, CABIN NO B 7{BASEMENT), SECTOR 5, PANCHKULA, is our authorized distributor for Dr. RPGMC Hospital, Kangra at Tanda, Himachal Pradesh.

The certificate is valid till 31st Dec 2021.
